My dear Sir

I hear that I am marked as one of the opponents of the proposal to devote the savings of Rs 100 from the Lumsden fund and the interest of Rs 56 for the sum of Rs 17000 for Educational purposes. I am sure that when Votes were taken against this point I did raise my hand. I want to make this fact clear and must say that I am decidedly in favour of utilising the Lumsden savings and the interest arising from the investment for the Education of poor Mohamedans as proposed in the scheme. 4 Whether the present Committee should be a permanent institution as a consulting body in matters relating to the Goomburzan and for the General Superintendence of the various religious ceremonies &c which are periodically performed there.

With regard to the 1st point it was unanimously carried that there should be no reduction whatsoever in the respective establishments.

Vide Md Budruddin against this. Vide Dr Nowmical Row Md Budruddin

With regard to the 2d point Mesrs Mahomed Ali, Mahomed Yusuf, Dawood Khan, Shaik Ibrahim Saiba Mahomed Sait, Meer Amiruddin Ali Khan resolved that the Gungan should be continued and the whole sum allotted for it should not be deviated from the purpose for which it was originally intended, and that it should only be spent in charity for the benefit of the poor and indigent.

See Mr Dawood Khan's letter in which he alludes to this.

Mr Nowmical Row was of opinion that out of the savings of Rs 100 in this fund Rs 50

Out of the savings of Rs 100 add from Gungan & the income on 17000 Rupees, I am decidedly in favour of giving

2. Education of poor boys as proposed by Mr. Abdul Rahaman. Committee being against utilizing the whole savings in the manner proposed Mr. Abdul Rahaman yielded only to the extent of half the Sungam savings being given for education.

Rs 50 may be spent in charity and the remaining fifty in education. Mr. Budroodin was of opinion that the entire saving of Rs 100 should be spent in education & submitted his reasons in writing in support of his opinion.

With regard to the 3rd point it was unanimously resolved that the profits should be spent in education but the school should be located in the Goomboz itself.

It was unanimously resolved that it was essential to make the Committee a permanent institution to look after the welfare of Goomboz & Musjid-i-āla and that the Committee have power to add to their number. The president however thought that no Committee was necessary.

The amount shown under the head "Present average annual expenditure" is the average taken from totals of the past three years. There will be very little No fluctuation in the first three heads of expenditure. But the next two items viz Balanji & Repairs to buildings are not items of expenditure of permanent nature. Again the amount sanctioned for Urus, Fatiha &c is generally spent in full and sometimes a little more on important occasions.

I now come to the details of establishment. The enclosure marked B is the statement of establishments maintained in these institutions, including four Minor Mosques. I am fully satisfied that Mr. Abdul Rahaman is quite right in saying that several of the Offices are quite superfluous, and they might with advantage be done away with. I however, differ from him on the subject of reducing the already small pay sanctioned for some of the Minor appointments.

The

The total cost of establishments alone per annum as per old scale is Rs 8130-4-0 and Mr. Abdul Rahaman proposes to save from this item Rs 3816-4-0 or nearly half of the amount. The servants of these institutions, who consider that their appointments are hereditary complain loudly of this wholesale reduction. I am therefore averse to the carrying out of this portion of Mr. Abdul Rahaman's scheme. As I have already said many of the appointments are not at all needed under the present or altered circumstances of the institutions. For instance the Khazi at Nagapatam draws Rs 34-14-3. He has hardly any work to do. After the retirement or demise of the present incumbent the appointment might be done away with. Again there are three Daroghas, and three Mutwallis (writers) between Goombuz and Musjid-i-āla. They have

Sea.

scarcely anything to do, Mr. Abdul Rahaman proposes that two of these officials may be employed as school masters and I quite agree with him. There are three Khatibs or prayer readers in Jamaji-i-āla, one is quite sufficient as in Goomburg, and the other two might, with advantage, be employed as school masters. In like manner, there is no work for the Moatawallies in the four minor mosques. Their services might as well be utilized as school masters, a good number of these being required in the three schools attached to the institutions. What I would finally propose is that the establishment as it now stands might be retained and such superfluous and costly appointments might be done away with as vacancies occur, which is the opinion of Mr. Abdul Rahaman

V.S

Rahaman in the train. I have noted in the remarks column of enclosure B my opinion, as to what reduction is feasible and how the surplus hands should be employed.

The Members, who are in favour of retaining the establishments as per old scale, argue that the same was fixed by Tippoo Sultan himself, and that such a long standing establishment should not be disturbed. But there is ample evidence on record to prove, that the establishments have been reduced, or increased from time to time, to suit the requirements of those periods. For instance in 1833 some posts have been abolished with the sanction of the then Resident, whilst the emoluments attached to others have been reduced or raised. Pay Bill of establishments for May 1832, a copy of which is sent herewith as enclosure C, establishes beyond doubt that the practice of reducing

or increasing the establishment was in existence at that time. I am personally aware that this practice prevails in Windoo Temples; and I think that it is best right that there should be changes to suit the requirements of the times and exigencies of the service. I am therefore of opinion that unnecessary expenditure should as far as possible, be checked so that the funds at the disposal of the institutions, might be utilized for other useful purposes. It will be seen from enclosure B that I do not advocate radical changes. On the other hand I have proposed slight increase to the pay of Minor Officials in order to secure efficient men. I need hardly say that the pay of Minor Servants is too low to attract good men, and this is my sole reason to recommend increase.

27

I now come to the question of Inugan Tundu. Out of the total Grant of Rs 7385 for 4000 Rs 2883, are set apart for purposes of Inugan or charity. The old custom, which is condemned was to distribute grain doles to needy persons at half a seer of Raggi per head per diem. The records clearly establish that these funds were, sadly, being misapplied, if not misappropriated. Under the old regime. There are names of persons on the rolls, who were said to have been residing in Uscanara, Pennyapatam, Hunsoor & other distant places. It is quite suspicious that these persons were coming all the way to Seringapatam for the sake of half seer of Raggi, the value of which was not more than a pie & half in those days. The late Sub Mr Dut had

[illegible] funds
[illegible] managed
[illegible]
[illegible] arranged that the
[illegible] should only be given to
those that come for him to Gosainbag.
Under his strict supervision
savings began to accumulate
although the numbers of
recipients [illegible]. On
local inquiry I am that
under the old system, there
always used to be on the rolls
a certain number of Ratibdars
(recipients) who were getting
half a seer of grain per diem;
in addition to these, a
number of children were
being shown in the accounts
as having received a quarter
seer of Kaggi each without
any details in the nominal
roll. Mr. Abdul Khader discovered
that there was ample room
for fraud under this system
and ordered that all persons,
in receipt of grain doles should
be brought on the roll. Besides Ratibdars
poor Pensioners, not exceeding
six

six per day in number, are paid at 2 each. The number of grain dole recipients, is on an average 380 per diem and the expenditure under this head is Rs 1530 in round numbers per year, leaving a balance of Rs 1353 which goes to the head savings. I may here add that almost all the destitute persons & orphans of Ganjam & Vizianagaram are at this moment in receipt of charity from these funds and new applicants are being monthly admitted after due enquiry into their state. The Committee members who are advocates of old order of things want to purchase grain for the full amount of daily allowance and distribute the same to all those that come for it, till the whole quantity is finished, which is as much as to say, Give it away in-discriminately without questioning whether the

the applicant is a fit object for charity. I cannot at all admire the wasting of funds in this manner, which are intended for charitable purposes. I think by carrying out the Abdul Rahaman's proposal, two objects are gained, viz Giving charity to deserving poor, and improving the condition of the notoriously backward race of Mahomedans.

The Marginally noted figures exhibit what will be the actual savings in the event of the establishments, as proposed by me, are sanctioned. It will be seen that the net savings will be about Rs 2080 after making full allowance for unforseen expenditure and this savings might hopefully be utilized for the education of poor Mahomedans. I may here add that a liberal

Mansion

(2)

Margin is left under the Head "Balaje" & Repairs to buildings and I do not think the expenditure under these heads will exceed the estimate unless under unforeseen circumstances.—

The Abdul Rahaman's Scheme is to devote the savings including the interest on the amount (Rs 17000) invested in Government securities for the education of poor Mahomedans of Mysore, by giving scholarships, preference being given to the Members of the old Nawab Family. The scheme which was drawn up in consultation with Mr Bhabha, the then principal of the Maharajah's College Mysore is submitted as enclosure D. I need hardly say that the object is a laudable one; not only the original intention of the charity is fulfilled by giving scholarships to deserving youths but at the same time an impetus is given for

for the education of the class in General. As I have already said some of the Members are for spending these savings at Ganjam itself by opening schools there in; and some in the course of discussion said Matam Industrial School might be established. I may state in reply to these propositions that there are three primary schools viz 1 in Ganjam, 1 in Seringapatam and One at old Agraharam, Mysore. The two former are quite sufficient for the education of boys of the said places. If it is found necessary, the Number of teachers might easily be increased, increasing the Number of Classes in the existing schools; More schools are quite unnecessary for the requirements of these

these small sums. Hindustani & Malayalam are taught in these schools and moreover there are Govt Malayalam & English schools; there is thus every facility to educate the boys of all classes upto Middle School standard. The School at Singapore is particularly intended for the benefit of the old Navaik families.

The funds available being very limited the opening of schools for technical and higher education is not possible. I am therefore of opinion that Mr. Abdul Rahaman's scheme of giving scholarships to poor scholars is the best of all the proposals.

I may here add that the Mewan's petitioners and some of the orthodox Mahomedan Gentlemen seem to be under the impression that some of the

Fatihas & other ceremonials are discontinued and some arrangement that the Goomburz Funds come under "Head Waqf" (endowments) which cannot be appropriated for other than the purpose for which it was originally intended by the donor. As regards the first point I can state that no Urus or Fatiha or other ceremonials originally sanctioned, has been discontinued, and Mr Abdul Rahaman has given detailed information on this subject in his letters* noted in the margin. On the 2d point, I may refer to the texts quoted by Mr Budruddin in his written opinion which satisfactorily show that the grant does not

* Letters Nos 4 & 495 dated 21st July & 31st Dec/87 respectively

not come under the head "Waqf". There is preponderance of Mahomedan public opinion in support of this interpretation of the "a". I consider a grant from Government for the support of religious or charitable institutions cannot be treated as an endowment from private individuals. The broad principle of Mahomedan Law is (see definition of Waqf Macnaghten's Mahomedan Law chapter x) that such funds are intended for the service of God and benefit of Mankind. I think both these objects are gained by feeding and educating really deserving objects of charity.

I consulted several leading Mahomedan gentlemen in the Province, and they are unanimously of opinion that

that Mr. Abdul Rahaman's proposal is not only laudable but is not opposed to Mahomedan Law. The question was further discussed at some length in the local as well as Madras papers. The Mahomedan Association at Bangalore has also taken up the subject and submitted a Memorial to the address of the Dewan. Upon the whole the public opinion excepting a small minority is in favour of Mr. Abdul Rahaman's scheme; and I support it without the least hesitation. The individual opinion of the gentlemen noted in the Margin and public opinion as expressed in different papers are attached to this Report for ready reference.

In conclusion I have only to reply to the last proposal of some of the members of the Committee. They wish to have a standing Committee for the administration of the affairs of the institution. I do not think that such an arrangement is called for. There is an official styled Nazim who is in immediate charge of the institutions and an Officer to control and exercise general supervision. A Committee in addition is, I think, not at all necessary as it will tend to divide authority. All such institutions in the Province both Hindoo & Mahomedan are under the direct Management of Government under a special Dept called Moozroj. I see no reason to make any exception the

to the general rule in the case of the one now in question.

Official correspondence & other papers as per plaintiff, are attached to this report for reference

Sir

I have the honor to submit the following report and certain reductions proposed to be made in the establishment attached to the Goombuz and Musjid-i-ala at Seringapatam and the appropriation of the savings effected thereby for educational purposes.

Mr. Abdul Rahaman, who was incharge of the institutions proposed in 1887 the abolition of certain offices and submitted a scheme for Govt. sanction for the utilization of the savings

[illegible] for [illegible] effected for the
[illegible] of the [illegible]
[illegible] of Mysore.
In the meantime time of
the [illegible] people of Mysore
and Srirangapatna sent petit-
ions to Government protes-
ting against the proposal
and the Govt, as you are
aware, called for a report
with your personal opinion.
Whereupon, a Committee
composed of 10 Mahomedan
and Hindu Gentlemen, was
formed to consider the different
questions & a copy of its
proceedings thereof is
submitted as enclosure A.
The opinion of the Committee
was not unanimous. The
Vice President and five
of the Members holding
that there should be no changes
in the establishments, and
that the old order of things
should continue. Mr Budrodin
one of the Members almost concurred
with Mir Abdul Rahaman regarding
the reduction of the establishments

excepting in the case of some
Menial servants. All the
Members were, however, unanimous in one point,
viz. that the savings already
effected may be utilized for
educational purposes But
the Vice President and five
of the Members were for
spending these savings in
the town of Ganjam itself
by opening schools there in.
Messrs Budrodin and Dawood
Khan were in favour of Mr.
Abdul Rahaman's scheme -
ie they voted for spending
the savings in scholarships
These are the main features of
the decision of the Committee.

Before I express my own
opinion on this important
subject, it is, I think, necessary
for me to give a brief history
of these institutions; the
source from which their
Revenues are derived, and
how they were & are being
administered &c &c.

The Goombuz is the Mausoleum

10. From a very low estimate a sum of Rs 1200 per ~~year~~ in round numbers, is being saved per year from the "Langer" fund. and Mr. Abdul Rahaman has nothing to do with it.

11. He seems to have decided the question most carefully & after mature Consideration arrived at the Conclusion that

out, that the post of

to reduce the Pay of the new Darjin from Rs 37-0-0 to Rs 30/-. This proposal is open to objection by the Committee, as the emolument in the new office are ~~charged~~ met from Mahomedan funds.

14. Mr Abdul Rahaman's scheme is to devote the savings thus effected for the education of the poor Mahomedan students of Mysore, particularly those that are in any way connected with the Late Sultan's family. It needs hardly be observed that the object is a laudable one. With this object in view two new schools have been established viz one at Seringapatam & one at Chitaldroog

Tirupparamkunram 1 School
Sennagaphalam - 25 do
Agraharam 3 90 - do
Mayavaram - 3 - -

Mirasdar. Including the Langhanding Goorukkal School at Gangaikondan three schools are maintained from these funds. and the number of Children receiving education are as noted in the margin

There is every prospect of the numbers increasing in all the three schools; and they are daily growing good to the Mohomedan Community. The residents of Agraharam are building a school house from their private funds ~~to be used~~ & have agreed to form it as permanent premises.

15. Another proposal of Mr ~~and~~ Ahmad's (Rahamania) to grant scholarships amounting to Rs 20 per mensem.

~7

His draft (R.) & the subject are placed before the Committee.

16. It was also the object to secure a grant in aid of (Rs 10 [illegible]) to a private school at Groundmohalla Jaipore, and to appoint Convener &c. there in these matters from Govt. subscriptions. The latter proposal has been carried out.

17. In connection with the details the ~~following~~ points Committee should have in their view the following points.

1st That funds are necessary to maintain the schools already established

2nd That the cost of the Office establishment (1/8 pay of the Govt. & R. Contingencies) should be [illegible]

to meet the pressing requirements.

18. This the point to that resolve themselves for consideration ~~and~~ on the main are 1st. What road is feasible in the cost of the establishment 2d. How the funds saved are to be obtained.

19. Of course the Committee is at liberty to propose any further inquiries that may be found necessary.

Sir,

Adverting to your official memo No 118 dated 25th May last and letter No 775 dated 9th Ultimo, forwarding various applications till then received, for the vacant post of Head Daroga in the Gumbuz at Seringapatam, I have the honor to submit an application from Bauker Hussein Khan Ry Police Inspector with its 5 enclosures in original, for the vacant post.

The post of Nazim in the Gumbuz is an extra appointment over and above the Kadeem allotted establishment. His pay was till a few years ago paid from the General Mussai surplus Fund of the District and has since been debited to the Gumbuz Fund. I concur with the Town Magistrate of Mysore in thinking that it is worthy of consideration whether the opportunity presented by the existing vacancy not be

availed of to compensate as far as it goes for the heavy drain on the Gumbuz funds entailed by the appointment of a Nazim by leaving the post unfilled till a vacancy occurs in the Nazim's post when a Head Daroga maybe appointed and the Nazim dropped.

Another alternative is to retire the present Nazim with reasonable compensation and abolish the post altogether at once, and fill the vacant post of Head Daroga with a competent and useful officiab.

If the Head Daroga's post should be filled up, Banker Hussain seems to all the candidates the most competent and useful and he has also in a way an hereditary lien on the direction of the Gumbuz

Sir,

I beg to acknowledge your docket Camp № 2359 of the 31st Ultimo, forwarding four applications for the vacant post of Darogs of Masjidi Ala at Seringapatam and calling for a report upon the claims of the applicants and submission of recommendation for filling up the vacancy.

2 The Masjid in question, the Gumbaz and 4 other similar minor institutions in Seringapatam are under the superintendence of one Officer designated the Nazim and he is directly under the orders of the Deputy Commissioner ———

3 Instances are not wanting of transfer or promotion of men from one institution to the other on the occurrence of vacancies I have, therefore, got a list of the Servants of all these institutions prepared in order of their present pay and seniority and

Area
301

4. I am of humble opinion that the vacancy in question should be filled up by promotions from top to bottom in the order of seniority. The said list shows who are to be promoted in accordance with this.

5. I had all the servants, 92 in number mustered before me, enquired into the claims of each individual and on satisfying myself that the list prepared was correct, I gave each man to understand the nature of my recommendation regarding him.

6. None had any thing to say to this, save Abdul Majid. - He is the Deputy Daroga of Goombaz on Rs 8-6-0. In the order of seniority he should be promoted to the Head Katak of the Masjid on Rs 20-5-8 but he wants to be appointed to the vacant post of Daroga of the Masjid on Rs 37-13-3, in supercession to three of his seniors. He says he does not want any promotion if he is not all at once appointed to the vacant post. He has been acting in it since the death of the late Daroga about 2 or 3 months ago. Mr. Abdul Khader said appointed him to act "pending further arrangements". - This does not, I think, give him any such strong title to the office as to justify the exclusion of others who by service,

service, may not have much preferable claim to it. — Mr. Abdul Khader Sahib might have two grounds to put him (even temporarily) over his seniors, but they are not appearing on record (Vide his order enclosed making the temporary arrangement). But on the contrary there is in existence a record of enquiry held by Mr. Abdul Khader Sahib in 1884 into an alleged charge against this Abdul Hazid of removal of oil from Goombay. I enclose that record. It will be seen from it that the enquiry ended in Abdul Hazid's transfer from the Goombay to the Mysore Hazid, where he served till he was appointed to act in the vacant post of Darogha of Hazid ala in Seringa-patna.

7. Of the four petitions received with your docket under reply, 2 are from those now in service. Both have been recommended for promotion as being entitled to it. They are (1) Syad Sha Mootooza Khadry No. 4 in the list and (2) Mahamed Karreemodin No. 6 in the list.

8. The other two petitions are from outsiders, namely one from Mahamed Ibrahim Britwary brother of the late Assistant Commissioner Mr. Britwary and the other from Mohamed Banker a pensioned Police Inspector

The ground of his being a descendant of Tipoo Sultaun's family, and his late brother Mr. Srinivasa having been about to be appointed to the Charge of the Goomburz Department. The latter's claim is based (1) on the fact of his grandfather having held the office in question for many years without any pay (2) on his being descended from a respectable family and (3) on his pension Rs 30 — being too small to maintain a family which used to get large pensions &c.

9. It is for Government to decide whether the vacancy shall be filled up by promotions or by appointing any two of the above applicants.

10. The 4 petitions received with your docket are enclosed.

I have the honor to be
Sir
Your Most obedient Servant

SIR,

I have received several letters from you, but I am reluctant to write on subjects of which I am only partially informed. I am quite sensible that from the useful and authentic information you gave me on the conduct and disposition of individuals in Mysore, who lately encouraged agitation, and whose allegiance to our Sircar was doubtful, that you have incurred enmity, and even from several of your own relations; but in all your difficulties I advise you to go direct and communicate with Colonel Fraser and Colonel Cubbon. I send you this note that you may give it to Mr. Pakenham, Lord Wm. Bentick's Private Secretary, and I hope his Lordship will be well enough to receive your visit.

I feel that our Sircar have received a generous assistance and friendship from your Grandfather, your Father and yourself, and I shall be glad of any occasion to manifest and testify to my respect for your disinterested services, and I hope they will not be unnoticed.

Sincerely your friend,

MYSORE RESIDENCY,
YELWALL 31*st December* 1842.

This is to certify that Mahomed Bauker (who is a pensioner on an allowance of two hundred and fifty pagodas, monthly from the Company and proceeds now to Mecca on a pilgrimage) is by far the most respectable Native of this Durbar, and I must say that for integrity and fidelity to us I have never met with his equal. He is a good scholar and a man of a first rate ability. Considering him as one of the most

attached and devoted friends the British Government have, and as a very particularly esteemed and regarded friend of my own, I recommend him to the notice and attention of all Englishmen.

This is a certify that Jaffir Mahedeen Khan Saib, the son of Bauker Alli Khan Saib, the confidential Agent of the late Resident, the Honorable Mr. Cole, was in charge of the Goombuz of Tippoo Sultan at Seringapatam, during the time Mr. Casamajor, Colonel Stokes and myself respectively had charge of the Establishment, and during the time he was under my orders I had every reason to be satisfied with his (Jaffir Mohedeen's) conduct.

GENERAL M. CUBBON,
Commissioner for the Government of the Territory of His Highness the Rajah of Mysore Bangalore.

The humble Memorial of JAFFIR MAMED KHAN, the son of the late BAUKER ALLI KHAN, residing at Mysore.

MOST HUMBLY SHEWETH,

That your Memorialist and his Khondans living at Mysore are supported by the pension of 525 Rs. which they draw from the Hoozoor Treasury, and offer up their fervent prayers to Heaven for the successful prosperity of the British Government and protectors.

That when Generals Wellesley and Harris and other gentlemen have, after the capture of Seringapatam, made a particular inquiry if there was any most respectable native at Durbar of Tippoo Sultan, they found that Goolam Alli Khan Roone Vukeel Meer Meera Budroo Jamah Khan, the grand father of the Memorialist, Goolam Alli Khan Cundachor Bukshee and Rajah Saib Kutheeb were only the principal individuals that held now the high ranks in the territory, and granted each of them the Pension or the allowance of 250 Pagodas per mensem. A reference to the office Record will, the Memorialist trusts, convince your honor better than he can describe his grand father's abilities of which fact you are well aware that he was distinguished from the with my knowledge that the deceased rendered important services to the British Government by having discovered and reported to the Resident, Mr. Casamajor, many of the treasonable intrigues carried on between the Ex-Raja of Coorg and the disaffected in this Territory while that Ruler was preparing for War.

I have, &c &c.,

(Signed) J. A. CAMPBELL,
BANGALORE, 1*st March* 1853. *Secretary.*

That J. Casamajor, Esq. who succeeded to him has, after the death of the Memorialist's father, submitted to the Government his application for Pension and obtained him an allowance of 150 Pagodas, (of which 50 Pagodas was payable to Khondans for their support) which he continued to draw monthly up to 1st October last. But upon the complaint made to your honor by his step Brother who disputed with the Memorialist, an order has been issued from the Hoozoor to the Memorialist to draw the pension as follow. 100 Pagodas payable to the Memorialist, 20 Pagodas to his own Mother, 60 Rs. to the Memorialist's step Brother, and 40 Rs. to his Mother, which is now in force.

The Memorialist begs to state that he served from 1832 to 1852, a period of 18 years. as Superintendent in the time of J. Casamajor, Esq., to the Tomb or Goombuz Boug of Tippoo Sultan, and at length has resigned his duty in consequence of his having lost the sight of his eyes as well as the perfect use of his limbs, and he further begs to enclose also the copies of Certificates and of a letter granted by the said gentlemen, Colonel J. D Stokes and late Major Montgomery for the diligent discharge of his duties, and trusts that your goodness will also secure to him your favour and protection as your predecessors.

The Memorialist is now poorly indisposed and has no hope of recovery He has only a lawful wife and two sons and no more than 3 souls entirely depending on him for support.

Being fully convinced of your goodness' readiness to protect the distressed, the Memorialist is filled with sanguine hope that his request will meet with a favourable reception. and enable his family and sons to enjoy those comforts of life by your conferring a pension on the said 3 souls previous to his death.

For this act of charity and munificence the Memorialist as in duty bound shall ever Pray.

The Petition of MAHOMED BAUKER HOOSSAIN KHAN and MAHOMED CASSIM ALLI KHAN, Sons of the late JAFFIR MOHEDEEN KHAN, Superintendent of the late TIPPOO SULTAN's Tomb.

MOST HUMBLY SHEWETH,

That your Petitioners beg with the greatest respect to request the favour and earnestly to enclose what pleasure certify the assistance I received from Jaffir Saib of Mysore in regulating and managing the affairs of the Sultan's

Tomb of Goombuz, being at Seringapatam, that had fallen into disorder. He obligingly undertook this duty at my solicitation; and so improved the system of management as to gratify all those interested in the preservation and care of the Tombs. Jaffir Saib undertook this charge solely at my solicitation, and it has hitherto given, him much trouble. I also know that he contemplates resigning it into other hands, and I think it just to state this fact for the information of the future Resident at the Court of His Highness the Rajah of Mysore.

To

C. ALLEN, ESQUIRE,

Offg. Secy. to the Govt. of India, Fort William,

SIR, Dated BANGALORE, *1st March* 1853.

I have the honor to report for the information of the Most Noble the Governor General of India in Council dated at Mysore on the 11th December last of Jaffir Mohedeen Khan a Pensioner on the Mysore State.

Budroo Zuman Khan, the Grandfathor of Jaffir Mohedeen and one of the most distinguished and respectable of Tipoo's Chief Officers, was in 1799 Pensioned by order of the Governor General on 300 Star Pagodas per annum. Having died on the 24th of October 1812. his full Pension was continued to his son Bauker Alli Khan Bauker Alli Khan having died on the 6th June 1828, 1,800 Star Pagodas, or 6,300, Rupees per annum was continued to his Son Jaffir Mohedeen for the support of the family and after many domestic disputes the penson was ultimately distributed as follows :—

Jaffir Mohedeen Khan, lately deceased, eldest and legitimate son. of Bauker Alli Khan ..	Rs	350
Khyroonissa Begum, wife of Bauker Alli Khan ..	,,	75
Khultiyama Jucka, wife of Bauker Alli Khan ...	,,	40
Abool Alli Khan, son of Bauker Alli Khan...	,,	60
Total per month, Rs		525

Jaffir Mohedeen having left widow and two sons I am induced respectfully to recommend that a moiety of the lapsed share namely 175 Rupees per month should be continued for their support from the date of the death and on the present case the allowance may be granted on a higher ground than that of mere charitable consideration for their destitution, as it is consistent aforesaid.

That the Memorialist's grandfather having departed this life, Honorable A. H. Cole, the then Resident, had the goodness to get his son named Bauker Alli Khan a Pension of 250 Pagodas per month, and since appointed him as an Agent for the inspection of the Pensioners, every duty of which he transacted to the entire satisfaction of his honored employer. All of which the Memorialist trusts might have been brought to your kind notice.

The Memorialist begs to enclose herein for your kind perusal and consideration the copies of certificates and an extract of a gold medal favoured by the gentleman on his departure to Mauritius when the Memorialist's late father expressed his intention of proceeding to Mecca,

Respected Sir

I the undersigned Hajee Mahomed Hassain Khan, a relative of Tippoo Sultan Bahadoor, residing at Vellore respectfully request your honour to peruse the following few lines and to grant the requests.

When I visited you the day before yesterday I informed you all the matters concerning my cousin Mahamed Gous the late Head Daroge of Musjid Alla at Seringapatam. He, after serving in the Dept. with appreciable zeal for more than 55 years, breathed his last some two months ago. The members of the family of the deceased have been holding the high offices of the Mosque and Gumbuz Dept. for three generations from the time of Tippoo Sultan Bahadoor.

He is also related to the family of Tippoo Sultan as Alfatun Nisa Begum who as his

is borne on the records of Mahal Stipend Pay Office, Vellore. For the above reasons I humbly beg to state that Mahamed Kareem odin the son of the late Daroge who is at present the Head Mudraise drawing Rs 17½ per mensum for nearly 17 years in the same Mosque and who has acquired a sufficient experience by assisting his father in the discharge of the latters' duty to be fully qualified to fill up the post vacated by his father and give satisfaction to his superiors in office and that granting the appointment held by his father on him will not only be an act of clemency on the ancient family of respectibility but also an act of justice. Further I humbly request your honour to be so good as to order the place vacated by Mahamed Kareem odeen to be conferred on his nephew Mahamed Yasif Hassan the grandson of the late Daroge (by his daughter) who protected him and his mother on his father's death at the age of three and gave him the good education in Hindustani

Persian & Arabic. Then I took him to Vellore my native place where I sent him to English School now he has passed the Middle School Examination in 1886 his age is now twenty three and he is fit for the appointment of the Sudraise and he is also a claimant Therefore I beg that you shall be pleased to order the appointment to be given to him so that the family may enjoy a comfortable life and he will ever pray for your long life and prosperity

For which act of kindness I, as in duty bound, will ever pray

I remain
Respected Sir
Your most obedient servant.

The Chief Secretary to the
Dewan of Mysore

The humble petition of Syed Sha Murtuza Khadri,
1st Khateeb Ála Musjid, most respectfully showeth:—
That the petitioner has already submitted an application for
your favourable consideration, but thinking it advisable
to acquaint you with the rules and procedure of the Gumbaz
Department, hitherto followed in filling up vacancies, begs to
state that the 1st Daróghah of the Gumbaz whose salary is
Rs 27. 8. 0. has the first claim now to succeed to the vacancy
of Darogaship on a salary of Rs 37. 13. 3 per mensem. Next to
him comes your petitioner with a monthly salary of Rs 20. 5. 8.
and with a service extending to nearly thirty years to be ap-
pointed to the place of 1st Darogah, and that none can dis-
pute the lawful claim your humble petitioner has to the place.
Next to him comes the Second Darogah with a monthly salary
of Rs 18. 6. and who has a claim to succeed to the office of 1st
Khateeb at present held by the petitioner, having for a long time
served as Second Khateeb on Rs 7. 4. 3.

With a view to dispel the idea that the heirs or relatives of

the deceased Durogah have no lien on the appointment it is necessary to state that the deceased himself had gradually succeeded to the position he held from a post of Rs 10/- per month; and the present 1st Darogah was also promoted gradually till he reached his present dignity from an offic of Rs 5 per mensem. Thus a perusal of the Gumbaz record in filling the vacancies will convince you that all the vacancies have been filled up from time to time by rank and succession, and no one in the department did get the higer place by right of birth.

But it is true that the heirs or relatives of deceased employes have been and are entertained in the Makha to the last place in the arrangement, a few instances of which will not here be considered out of place. In the time of Col. Renton, on the death of late 1st Darogah, Abdul Hameed, Salary Rs 27. 8. 0, his son was appointed as "Khwan Khan" on a monthly salary of Rs 7. 13, and on another occasion the heir of Syed Abdul Rahman, late Khateeb, Salary Rs 20. 5. 8. was provided with a post of Rs 10/- In the recent death of Mohadeen Hufsain, Head Master on Rs 17. 7. 3, the late lamented Abdul Kohader provided the Head Master's son with a post on Rs 7. 13. 7.

The other two applicants, namely, Abdul Majeed, Second Darogah, salary Rs 18. 6. 0. and Muhammad Kareem-ud-Deen, Head master

salary Rs 17. 7. 3. are both inferior in service and salary to the petitioner, and moreover the former having been suspected of connection in the theft of oil has been transferred to Jumma Musjid in Mysore.

The petitioner has no intention of braging about his qualification when he declares that his qualifications to satisfactorily perform the duties of the office he aspires for are such that no one in the Gumbaz Department can excel him, and that he is well grounded to carry on the official correspondence &c which might devolve on him. Seeing that his long and faithful service, his qualifications and high connection, together with the hope of justice he entertains at your hand will doubtless tend to secure his object for which he shall ever be grateful.

Begs to remain
your most obedient & humble Servant

Syed Jowo Bundar states -

On Monday last at 5½ P.M. when I was going to the Gombuz the 2nd Daroga Abdool Majeed met me on the road and asked me to buy what would be given Dues by Fuzadh Borden Khan at the Gombuz, I went and asked Borden Khan who was at the Gombuz. He gave me a book, a bottle of Kerosine oil and Coco oil in a jug & he told me to take them to the 2nd Daroga, I said I could not carry the 3 things at once, he said if I did not do so he would get the 2nd Daroga & put me down as absent - I then received them & while carrying them back from the Mosque met Silamun & Mahomed Jowo both Dawan Kawas at the platform they saw me with the things & I told them of what Borden Khan had told me - I the Garden Daroga Kalor, Syed Mahomed (Cook) and Contractor Mahomed Hasdan, I told them also. I then Town Jemadar Abdool Majeed & him also I informed he took me to Majeed the goods & I told him the fact he dealt the Article & kept with him & the following morning took me before them I never before took oil to 2nd Daroga nor saw any one do so -

—

Borden Khan Fuzadh states

I did give the book & the bottle of Kerosine oil & Coco oil to Syed Jowo as stated by him to be delivered to 2nd Daroga the book belongs to Daroga & the Oil Gomasta purchased for the Monthly Consumption - I gave the oil under the orders of the first Daroga Mahomed Hossain, when the above Jowo was in his charge he used to give this oil viz one bottle of Kerosine & 2½ or 3 seers of Coco oil every month to 2nd Daroga, it is known only the 2nd Daroga receives this & no other servant of the Gombuz - The above Jowo came to our charge (Invashes) some 2½ year ago - When I asked the

1st Daroga about the Iramoot of giving oil to 2d Daroga
he said yes or giving about a month after the Nazim
sent for me & asked me if oil was to given to 2d Daroga
I said yes & the 1st Daroga had ordered it, and asked
me whether it was to given or not. He said the 1st
Daroga was a fool the oil did not be given, but as
there will be difficulties if it were not given he
said keep on the Iramoot. The oil he have
given ever since. There are four Durbans who
have charge of the store room, two at a time have
charge of it for a month during my time I always
gave the oil, & during the other persons time I have
on several occasions seen them and the oil.
1st Daroga has on several occasions seen the oil dump-
ing of the Faraches Syed Abdul Rahiman is dead and
the other two Hossain Khan & Syed Mohammed are here
This oil is the Savings for the usual quantity allowed
for the Camps every night & this Savings is made under
the orders of the 1st Daroga.

First Daroga Mohammed Hossain says
I know nothing about the giving the oil
it is no Iramoot, what Borden Khan says is all false.

Second Daroga Abdul Majid says
I know nothing about the oil, I never
received it, nor is it a Iramoot.

Nazim Gorham Mohammed says
About 4 months ago the deceased
Farash Syed Abdul Rahiman informed me that Borden
Khan Farash wished to send oil to 1st Daroga, I sent
for Borden Khan & questioned him he denied and
I warned him against it. I know not of oil big given
to 2d Daroga. The store room is in charge of the

1st Daroga but as usual it has been in the hands of the Shaigird Pasha (lower servants) in the absence of any orders to the contrary -

Dewan of Mysore

Respected Sir

I the undersigned beg to state that I entered service in 1866 in the Tippoo Sultan's Ganjam Department and steadily rose in the grades until I became permanent Duffadar Darogah. On the 10th of January 1887 the Head Darogah having died the late Deputy Commissioner Abdul Kader appointed me Head Darogah on probation, and by a subsequent order fixed my pay to be Rs 28 consisting of half of my permanent pay of Rs 18 & half of the HD Darogah's pay of Rs 38

On the 18th of this month the Assistant Revenue Deputy in office held an enquiry into the matter of the Vacancy and drew up a statement of his opinion which is as follows:—

To the place of Head Darogah of Rs 38, the 1st or Avul Darogah of Rs 27 is to be promoted. To the place of Avul Darogah The Kutheeb of Rs 20 (not the Duffadar Darogah) is to be promoted. To the place of the Kutheeb of Rs 20 the permanent Duffadar Darogah of Rs 18 having served to

the Hindustani teacher of Hill 1 is to be
promoted. He draws under promotion
however has no pay & expectine of Depart-
ment other emolument. To the Gunaz
Teacher plase the Hindu Tamil is to be
attended.

On the above arrangement I humbly
beg to offer the following suggestions for
your honor's kind Consideration. In the Gunaz
there are two distinct branches — one the
Executive Consisting of the Head Darong
the Dial Darong the Duyam Darong and
3rd Muttawallies, and the other the priestly
branch Consisting of Kagi & Kathees and
2 teachers. The former are all responsible
and authoritative Officers, the latter are
priests and teachers under the Control
of the former. It has been an established
Custom in the Gunaz from time beyond
memory that a Vacancy in any one branch
should be filled by the members of that branch
only and not by the others. To show that
for the last 80 years promotion has not
proceeded on pay but on the department
and experience, I beg to state the following
Cases the late Head Darong was at first
the Duyam Darong then 1st Darong and lastly
Head Darong. His predecessors likewise
rose gradually from Muttawalli to Head
Darong. Your honor will therefore see
that the two branches are quite distinct

and not Counts in the Executive Council
99 he and have not been promoted to the
place in the State. The reason for it is
clear the Executive Council Consists of Officers
who have power and Responsibility and
who Control the Revenue Branch. That the
Sub-Division Officer is not well aware of
the practice in the Gumas is clear also from
the fact that in his arrangement he has
promoted the Hindu Rooli to Nagil Sweeper
place which our Religion Regarded Sacred
always be held by a Mussulman.

The late Deputy Commissioner Abdulkader
K. B. finding me well qualified for the
place of Head Darong Expressly placed me
above the first Darong. Up to date I am acting
as Head Darong Others of the Department who
have been acting like me in higher offices
have been Confirmed. I Respectfully
beg your honor to Confer upon me the Head-
Darong place for which I am now acting. If
I should not be so fortunate, I sincerely trust
that your honor will, after due enquiry into
the Custom of the Gumas and my Services
Experience and Claims, be pleased to direct
in me the favour of promotion at least
to the Aural Darongee. Abdul Kader K. B. had
7 years Experience of the Gumas practice, in
his Capacity as Town Magistrate & Deputy Commr.
As a Mussulman Could not have done any
thing Contrary to Custom. He appointed
me to the H.D. Darongee because I had served

Respected Sir

I beg respectfully to lay the following before your honor's favorable Consideration and approval. I have been in the services for a period of 17 years in the capacity of Municipal Overseer of Seringapatam & Mysore. prior to this I was Overseer in the P. P. W. but without any promotion now I am given to understand that the post of Daragah of Seringapatam Mosque is vacant. I also learned. that the said post requires a person that knows English as it is occasionally visited by the European Officers. The Mosque & adjoining places of Seringapatam requires now & then repairs &c. when it is necessary to repair I estimate which qualification I also possess therefore your honor be pleased to confer on me the said post for which act of Kindness I and my large family will ever grateful.

I herewith enclose Copy of Testimonials which I possess for your kind perusal.

Begging pardon for the liberty taken in addressing this.

This is to certify that the bearer Gulam Mahomed the Municipal Overseer of Seringapatam & Gungam served under me for the last four years while I was President of the said Municipality. I found him to be the right-man in the right-place - The Municipality having been newly formed there was a great deal to be done, and I must in justice to the overseer say that had it not been for the great pains he took in his work the improvements carried out in Seringapatam and Gungam would have taken a longer period and caused greater expenditure to the Municipality; he possesses a taste in the Municipal works and is certainly a very hard working man denying self comfort for the sake of Public work. he Knows English pretty well. and his talents recommends him to a better position than an Overseer of a Municipality and I only trust that his good services will be appreciated and patronized by Gentlemen Under whom he may have to serve -

May it please Your Excellency

That a Durogaship in the Gumbur establishment having fallen vacant Your Excellency's humble petitioner had submitted a petition to Your Excellency to which he was favoured with the reply that his petition had been forwarded to the late Deputy Commissioner for consideration when the petitioner paid his respects to Your Excellency in person and related the circumstances in which he was placed of late, he was ordered to submit a petition to Your Excellency relating in full the adverse condition of his domestic affairs and his claims to the said vacant post. He was further directed to go and present himself before the late Deputy Commissioner of Mysore.

After his demise, when the petitioner paid his respects to your Excellency again he was ordered to wait at Bijapore till the arrival of the other Deputy Commissioner.

That though he has been admitted two petitions by your Excellency and one to the late Deputy Commissioner. Yet he is very sorry to learn that the Sub-division officer found none of them referred to him when he had to give his opinion in this regard to the vacancy.

His ancestors had been in high and responsible posts from the time of Hyder Ali down to the year 1884. His uncle Syed Nasar was Bar Bukhedi for 7 years and his father Murtuza succeeded to the same post. After the death of his father, his brother Syed Ishack was appointed Bukhsi & after serving for 12 years was pensioned with a pension of 175 Rs per mensem which he was drawing till his death in 1884. Your humble petitioner and his whole family were under the protection of his Kind brother till his death when the burden of his whole family fell on him.

From,

Deputy Commissioner

To,

The Chief Secretary to the
Dewan of Dupoie.

Sir,

Some mohomedan residents of Dupoie, petitioned Mr. Abdul Rahiman, assistant Commissioner, in charge of the Lumbuy Establishments, bringing to notice that one Hamed Ali, has opened a Hindustani school in Mundi Mohalla, and that the receipts from fees, amounting to Rs 15, is insufficient to meet the requirements of the school, and prayed that a small sum might be granted from the Lumbuy fund.

2. From a report submitted by the Head Master, of the Government Hindustani school, who inspected the school, and examined the pupils, under instructions from Mr. Abdul Rahiman, it would appear

that there are 76 boys on the roll, and that those present at the time did well at the examination.

3- Mr Abdul Rahiman, proposed that Rs 10 a month, may be given from savings of the Gunung funds, under the grant-in-aid rules, on the condition (1), that a class be formed, and maintained for the Impore Local Examination and (2), that a Canarese teacher be appointed, to teach that language to the several classes. Hamed Ali, has agreed to abide by these conditions. I have therefore the honor to recommend the grant of Rs 10 per month, from savings of the Gunung funds, on the terms proposed by Mr Abdul Rahiman. If the proposal be sanctioned by the Dewan, a Mutchilika will be taken from the managers of the institution binding them to conform to the conditions.

The Deputy Commissioner
Mysore District

Sir

In continuation of this Office letter No. 48 & 95 dated respectively the 21st July and the 31st December last, I have the honor again to recommend very strongly that the Khazi Mahomed Mohidin of the big Mosque Seringapatam, and Dargah Mahomed Hossain of the Goombuz at Ganjam may at once be discharged on gratuity or pension as a special case.

2 The Khazi is by his own admission 64 years old and the Dargah who alleges to be 58 years old is really older than the Khazi.

3 Both these men are perfectly useless and what is still worse, are in the way of reforms which are being gradually effected in these institutions.

4 The Mahomedan Community of Seringapatam is now extremely small and insignificant and the little that is required of the Kh is as a matter act done by

his Naick who is in receipt of Rs 5 a Month.

5 There is a Separate Khazi for Ganjam who is paid Rs 20 a Month out of the Majeed Fund and is unconnected with these institutions.

6 The pay of the Seringapatam Khazi is Rs 34-14-3 a Month, and he has been holding the appointment since 1st April/54 when he joined the Service.

7 The Services of the Darogahs are given below.

Khooran Khan on	Rs 5.	11th June/42
Do	Rs 10.	16th April/44
Mootoolli on	Rs 11.	10th June/45
Do	Rs 16.	7th February/57 (up to date)
1st Darogah on	Rs 27-0-8.	21st March/16

8 Instead of these two superannuated men, I would Recommend to employ two Darogahs on Rs 15 and 10 a Month to be increased to 20 and fifteen respectively in due course. Both these men should be outsiders, at least one of them should be an outsider, according to the personal Requirements of the Service. One of the proposed Darogahs will be posted to the Mosque and the other to the Goombuz.

9 These changes will certainly benefit the

the institutions considerably and there is now a very good opportunity to do away with the highly paid appointments in the best interests of the institutions.

10 I beg to embrace this opportunity of recommending once more that the sanction of Government may be obtained as early as possible to the scheme of scholarships proposed to be paid out of the Goombuz Fund in this office letter No. 92 dated 17th Dec 19

11 A Statement showing the sanctioned, the existing and the proposed strength of the institutions is appended for information and includes the changes that have taken place since the submission of the Statements in July last.

Sir

In returning your O Memo No. 2088/5-31 of the 16th instant, with enclosures, I have the honor to refer you to the correspondence Marginally noted copy whereof is herewith forwarded for ready reference.

2 Since I took charge of the Goombus institutions in May last, not a single official was sent away adrift, nor is there any intention on my part to doso. No one lost his appointment, except an indifferent cook on Rs 3-8-0 a month, who could not but be dismissed, on account of his sudden departure from the place, without leave or report, on the occasion

of a Fatiha, when his services were much required. No more has been heard of this individual since.

3 Three vacancies occured by death, and were not filled up on account of the existence of several superfluous men in service.

4. A small saving of Rs 6-9-9 was effected in the monthly contingencies, in October last, when the expenditure under this head, amounted to Rs 29-1-9. At the same was stopped the monthly allowance for oil &c. of Rs 1.7.0 to each of the three of the four deserted Mosques alluded to in my last report, the two adjoining mosques being placed under the same Moothwully on the death of the one of the Moothwullies.

5 The monthly allowance of oil to four private Mosques in use, still continues though without authority.

6. Now as to fatihas. The large grant of Rs 356.4.3 was disposed of by the officials, in the last Ramzan, in their own usual way. Subsequent experience shows that nearly one half

Could

could well have been saved, and I regret considerably to state that this money was lost by my being new to the work at the time.

7. Rs 20-0-0, more than the Grant of Rs 187.8.9. was spent at the last Urus of Tippoo Sultan. (viz, Rs 50 at least was I am sorry to say lost for the same account on that occasion.

8. Rs 122 was allotted out of the Grant of Rs 187, as per allotments of previous years, for the Urus of Nawab Hyder ali khan Bahadoor and Rs 117-1-0, was expended on that occasion.

9. On these two occasions, the Daigs (large vessels of Palaw) to be given to the Fakirs of Mysore and Seringapatam, and to the Community of Asadoollahi people, were cooked, by actual measure and weight of ingredients, in the presence of their select deputies, and delivered to them intact. This precautionary measure, newly introduced, highly gratified the recipients

recipients of course.

10 The grant and expenditure of other fatihas performed upto date, were as follows.

	Grant.	Expenditure
Imam Hussain	Rs 154 " 0 " 7	Rs 103-1-6
Rabiyan Lawal	Rs 142 " 3 " 0	Rs 84-6-6
Dustagir	Rs 130 " 5 " 5.	Rs 80-9-9

11 These fatihas till last year, were celebrated at the Big Mosque at Seringapatam, but this year they were performed at Ganjam where as a matter of fact, the number of the poor to be fed for 10 or 12 consecutive days on each occasion, is more than ten times the number at the former place, while the number of the usually invited Mosulmans there, is less than one fifth of that at Ganjam This change was made for the convenience and benefit of the poor and others who were certainly satisfied more than ever.

12. The above Urusses and fatihas were celebrated with due care, on

a.

a liberal scale, according to the present requirements, and not with any intention of any improper saving, but the best endeavours were made to save what could be saved from sheer misappropriation, and this is the true cause of hot burnings of the leading officials who with their subordinates, however participated in the entertainments on all occasions.

13. Not one of the recognized fatihas was abolished. The Urus of Nawab Hyder Ali has not been attended by any of the Mysore residents for many years past. The Local attendance too has been very small. The expenditure therefore is considerably less than the grant. By a queer arrangement of the leading officials, Rs 65 used to be reserved out of the annual grant of Rs 187-8-9 while the balance plus Rs 36-0-0, out of the Goombuz surplus, spent or alleged to be spent on the said Urus, the amount reserved being misappropriated under the name of four unauthorized fatihas. On enquiry, the Takirs of

Mysore

Mysore and Seringapatam, who were the first to know the alleged Fatihas if they were really performed, denied all knowledge thereof. This clear loss of the money could no longer be permitted, and I stopped any further expenditure of it.

14. These reforms which were absolutely necessary affected no one, but the leading officials, who were restrained on all sides as far as possible from pocketting any money, and therefore they, along with their underlings, are moving heaven and earth by Complaints and clamours which are quite unfounded.

15 The institutions are important ones. A large sum of money about (one thousand rupees) is provided for monthly expenditure in addition to the Annual Urses and Fatihas. The establishments are under a special officer and the present requirements are much below the actual grants. Under these circumstances, it is, I respectfully beg to submit, not only advisable, but also indispensable to save all wasteful expenditure or dishonest misappropriations.

16

16. I have already submitted for the sanction of the Government, a draft of rules for awarding 4 Scholarships amounting to Rs 209, a month, out of the Fund, to poor Mahamedan students of Mysore, which, as soon as sanctioned, will prove a real boon to them.

17. The descendants of late Nanab Meer Mahamed ali khan, a relative of Tippoo Sultan, residing in the old Agrahar as you are aware of, — applied for a Vernacular school, and one was established lately which is useful not only to the children of the applicants deserving of the help, but also to those of other Mahomedans of the Mohalla in General.

18. The first Khatib of the big mosque at Seringapatam, formerly a School master, and the 2d Darogah of the Goomburgemployed in the Mosque, had nothing to do there and being residents at Ganjam, scarcely visited the mosque; they are now working at the newly opened

School

School, and have good prospects before them, if they only exert themselves, and behave as they ought to do.

19. These two men instead of being thankful for the retention of their services, joined the ringleaders in getting up false petitions &c and played a great mischief. Their separation from the rest of the officials will, I trust, prove advantageous equally to them, and their former comrades.

20. If I have committed a mistake in the reforms, I am exerting best to work under such difficulties, I am quite open to correction, but I venture to submit that the principles under which I am working, are quite sound and suiting the present times.

21 In conclusion I have to dispose of briefly, the Mahazer which forms the basis of the enquiry ordered by the Newman.

22 The four persons who signed the petition, and who called for the Mahazer, are close relatives of several officials of the Goombung

and.

and Mosque, including the Kazim recently discharged under so favorable terms as the allowance of a pension or gratuity. Some of those who signed the Mahazer are also related to the said officials, and the Mazim's own son is amongst them. Many fictitious names evidently appear to be inserted to swell the list of signatures. The Mahazer which is really the work of the leading officials, and has nothing to do with the public opinion, is to say the least of it, worthy of no consideration whatever. On the other hand it should be treated with the contempt it fully deserves. The Mahazer in itself is exceedingly meagre, and only makes some vague assertions far from truth.

23 I take this opportunity of inviting your attention to the paras 14 and 15 of my previous letter, proposing to dismiss the 1st Daroga of the Goomluq and the Khazi of the Mosque.

On

on pension or gratuity. The 1st is nearly 70 years old, though alleges to be only 58, and his service dates from 1842. The 2d is 64 years old, and is in service since 1854. The discharge of these two entirely useless men as proposed will benefit the institutions considerably in every way.

13. Not one of the recognized fatihas was abolished. The Urus of Nawab Hyder Ali has not been attended by any of the Mysore residents for many years past. The local attendance too has been very small. The expenditure therefore is considerably less than the grant. By a queer arrangement of the leading officials, Rs 65/- used to be reserved out of the annual grant of Rs 184-8-9 while the balance plus Rs 36-0-0, out of the Kumbuz surplus, spent or alleged to be spent on the said Urus, the amount reserved being misappropriated under the name of four unauthorized fatihas. On enquiry the Fakirs of Mysore & Seringapatam who

who were the first to know the alleged Fatihas if they were really performed, denied all knowledge there of - This clear loss of the money could no longer be permitted, and I stopped any further expenditure of it.

14. These reforms which were absolutely necessary affected no one but the leading officials, who were restrained on all sides as far as possible from pocketting any money, and therefore they, along with their underlings, are moving heaven and earth by complaints and clamours which are quite unfounded.

15. The institutions are important ones. A large sum of money about (one thousand rupees) is provided for monthly expenditure in addition to the annual Urses and Fatihas. The establishments are under a special officer and the present requirements are much below the actual grants. Under these circumstances, it is Irespectfully beg to submit, not only

only advisable, but also indispen-
-sable to save all wasteful expendi-
-ture or dishonest misappropriations.

16. I have already submitted for the sanction of the Government, a draft of rules for awarding scholarships amounting to Rs 209/- a month, out of the Fund, to poor Mahamedan Students of Mysore, which, as soon as sanctioned, will prove a real boon to them.

17. The descendants of late Nawab Meer Mahamed Ali Khan, a re-
-lative of Tippu Sultan, residing in the old Agrahar as you are aware of applied for a Vernacular school and one was established lately which is useful not only to the children of the applicants deserving of the help, but also to those of other Mahamedans of the Mohalla in General.

18. The first Khatib of the big Mosque at Seringapatam formerly a school master

Meshar and the 2nd Daroga of the Gumbuz
employed in the Mosque, had nothing
to do there and being residents
at Ranjaur scarcely visited the
Mosque; they are now working at the
newly opened school and have good
prospects before them, if they only
exert themselves, and behave as
they ought to do—

19. These two men instead of being
thankful for the retention of their
services, joined the ring leaders
in getting up false petitions &c and
played a great mischief: Their separation
from the rest of the officials will, I trust,
prove advantages equally to them,
and their former comrades.

20. If I have committed a mistake
in the reforms, I am exerting best,
to work under such difficulties, I am
quite open to correction but I venture
to submit that the principles under
which I am working are quite
sound and suiting the present times

21. In conclusion I have to dispose of
briefly; the headaches which forms
the basis of the enquiry ordered by the Dewan.

3/

22. The four persons who signed the petition and who called the Mahazar are close relatives of several Officials of the Gumbeez and Mosque, including the Nazim recently discharged and so favorable terms as the allowance of a pension or gratuity. Some of those who signed the Mahazar are also related to the said officials, and the Nazim's own son is amongst them. Many fictitious names evidently appear to be inserted to swell the list of signature. The Mahazar which is really the work of the leading officials, and has nothing to do with the public opinion, is to say the least of it, worthy of no consideration whatever. On the other hand it should be treated with the contempt it fully deserves. The Mahazer itself is exceedingly meagre, and only makes some vague assertions far from truth.

23. I take this opportunity of inviting your attention to the paras

14 and 15 of my previous letter, proposing to dispose of the 1st Daroga of the Gumbuz and the Khazi of the mosque on pension or gratuity. The 1st is nearly 70 years old, though he alleges to be only 58 and his service dates from 1842. The 2? is 64 years old, and is in service since 1854. The discharge of these two entirely useless men as proposed will benifit the institutions considerably in every way.

Dated 21st July 87.

Sir

In returning the petition of the Goombuz and Amujid Officials, received with your Docket No. 671 of the 16th instant, I have the honor to report that no change of any importance has yet been made in the establishments, but it is under contemplation to thoroughly revise them in the following manner.

I By abandonment of the four minor mosques at Seringapatam which have been quite useless and deserted for years past.

II By reduction of pay of officials and abolition of superfluous posts.

III By curtailment of the provisions for Wines, Tatikas, Jungar &c in accordance with the present Requirements.

2 Since the establishments of these institutions

circumstances have considerably, if not entirely, changed, and it is high time that a thorough revision was made with a view to effect an appreciable saving in the expenditure, to be devoted to so good and essential a purpose as the education of poor Mahomedans.

3 Of the four Mosques alluded to above (I) two are almost contiguous to each other, while one of these is in a state of utter dilapidation. To put this unnecessary Mosque in order will cost more than Rs 300, and to lay out anything on its repair, will simply be money thrown away.

4 The Scale provides a Mootwallie for each of these Mosques. The Mootwallies have no work whatever to do, and keep the Mosques open only at an inspection, through the Daroga of the big Mosque (Masjid-i-ala) who is hand in glove with them, keeps a Register of their daily attendance.

5 The pay of the Mootwallies as per Scale Amounts to Rs 36-5-3 besides Rs 15-2-7 provided for contingencies.

6 Three of these four Mosques at least, may be done away with at once, without in any way inconveniencing the community

which is small and insignificant now a days.
The fourth Mosque (Bakkeri Mosjid) may be
left under a Chiraghafroz for a short
time more.

7 After I took charge, I found that one
of the four Mootwallies was employed without
any authority, by the Marjin, as his writer
that the 3d Khatib of the big Mosque, having
nothing to do, was nominally in charge of
the Mosque of the said Mootwally, and that
a Chiraghafroz was vacant. I offerred the
vacant post of Rs 4-8-0 to the 3d Khatib,
a pensioned sepoy of recent standing, who
accepted it. I appointed him to the said
post leaving him still in nominal charge
of the Mosque, and ordered the pay of the 3d
Khatib viz Rs 7-4-3 to be saved. This
saving was effected after proved unnecessity
of the said office

8 The grant for Ramzan expenditure is
Rs 356-4-3. For several years past, not
only the full grant was spent, but also
Rs 106. annually out of the Goombuz Fund.

9 On the last occasion, I refused to pay
anything over the grant, as there was
no need whatever for the additional expenditure

The Nazim proposed to save Rs 37, out of the grant allowed, but appears to have expended the said sum, without authority. This point is under enquiry.

10 The expenditure under this head as well as the other heads alluded to in III admits of considerable reduction, and the best means to effect the same, are under consideration. A separate report on this subject will be made in due course.

11 As for the schools, the school at Gunjam has two teachers of very limited education, and is consequently still in an elementary condition. No improvement can be expected unless better tuition and supervision are insured. I have at present ordered the Mootuwully referred to above (Nazim's clerk) to open a school at Seringapatam, where one existed some time back. He is not qualified to be a teacher. It is intended to replace him by a more qualified person as soon as possible. Proper measures have to be adopted with regard to these schools as soon the means to work the changes with can be secured. (11 a) According to Khan Sahib's statement there are 186 boys at Ganjam & 55 at Seringapatam, while the schools have an attendance near

116 [illegible]

12 Nazim, drawing Rs 50 a Month, is out of the scale. Formerly he was paid out of other funds, but for the last two years his pay was paid out of the Goomboz Fund. One Daroghah on Rs 37-13-3 is vacant.
13 A Khazi on Rs 34-14-3, two Daroghahs the one on Rs 27-0-8 and the other on Rs 18-6-0 and two Khatibs on Rs 20-5-8 & Rs 7-4-3 respectively all borne on the strength.
14 The Nazim and the senior Daroghah are old men fit to be sent away with a pension or gratuity. Their successors need not be paid as highly.
15 The appointments of Khazi & 1st Khatib are quite useless and superfluous and could be done away with, sending away the present incumbents on pension or gratuity or employing them otherwise on smaller pay. The Nayab and the Remaining Khatib all quite enough for the present duties.
16 All the higher officials referred above are, I regret to be constrained to observe, a set of most idle men, and most of them are further mischievous setting a bad example to others under their influence.

17 It is needless to discuss at present of the other appointments amongst minor officials and menials to be dispensed with as soon as practicable.

18 Two statements showing the sanctioned the existing, and the proposed strength of the Goombuz and Mozgnes, are submitted herewith.

19 The Goombuz Fund amounts to about Rs 9000, and I have already proposed its investment in Govt Securities.

20 Though the appointments held in these institutions, are not pensionable, nor has any been yet allowed even a gratuity, it is in the interest of the institutions to dispose of the present incumbents whose services are not wanted, on a pension or gratuity, payable from the fund, as a special case.

21 In conclusion, I beg to request that you will be good enough to take the matter into your most favourable consideration, and give your best support to my efforts to improve not only the institutions themselves, but also, the education of poor Mahomedans to whom no better help can be given than providing means

for raising their educational status.

22 It is not at all advisable that a large sum of money which might well be utilized for such a laudable, nay, highly necessary purpose, is allowed to be so unprofitably spent any longer.

23 I beg to add with considerable regret that it has fallen to my lot to do the most unpleasant and unpopular work of an attempt at revising the establishments of so old and important institutions as these. I cannot help advocating a complete change suiting the present requirements, for, while the Mahomedan community noted for its poverty, is in such a great need for funds to improve the general education of its members, I cannot brook to see such a large sum of money spent away by Government without any good whatever.

24 The institutions as they now stand are, I am very sorry to be obliged to state, asylums of idleness, inactivity and iniquity and the sooner they are reformed the better.

Note No. R. C. 1283, dated 20th March 1919, from the Muzrai Superintendent in Mysore, submitting for sanction, proposals for the revision of the scale of income and expenditure in the Gumbuz, Masjid-i-ala and other minor Masjids at Seringapatam, together with his Memorandum thereon, and stating that the proposals which were drawn up by him after personal inspection and enquiry and in consultation with the local officers and other leading persons interested in the institutions have been concurred in by the Deputy Commissioner, Mysore District, who was also consulted in the matter.

(2) Letter No. 98 of 1918-19, dated 26th March 1919, from the Deputy Commissioner, Mysore District, suggesting certain changes in the numbers of recipients and rates of payment in the three classes of stipendiaries in the Gumbuz Langarkhana.

MEMORANDUM.

Proposal for fixing the scale of the Gumbuz, Masjid-i-ala and minor Masjids at Seringapatam.

The aggregate income which at present works up to Rs. 14,370 includes an item of Rs. 700 being the interest earnings from investment and Rs. 600 from the garden. The former will be considerably diminished when the thorough repairs of all the buildings are taken up for which a rough estimate of Rs. 25,000 has already been prepared. The garden income is fluctuating from year to year and cannot wholly be depended upon. We may safely put the total income at Rs. 13,730.

2. Owing to rise in prices considerable addition has to be made in recurring charges for the celebration of Urus and Ramzan and a substantial provision for annual maintenance for the buildings, and garden has also to be made if the premises which are frequently visited by distinguished people are to be kept in good condition.

3. The minimum requirements of the institution require an annual expenditure of Rs. 12,810, leaving a surplus of Rs. 920 which just leaves a margin of safety to meet unexpected calls for capital expenditure for repairs and restoration.

4. The sum of Rs. 143-8-0 a month from the Gumbuz Funds which is being spent upon two educational institutions and scholarship as shown in the margin has been left out as the Government have since been pleased to forego the contribution in view of the necessity for the improvement of services in the institution (*vide* Government Proceedings No. 1509-12—M. F. 71-18-4, dated 13th December 1918).
